PROJECT OBJECTIVES

Topic: IOT Based Safety gadget for child safety monitoring and notification

The objectives as,

- **Enable tracking of the child's location and capturing of data remotely such as where the child located distance etc.**
- **To show the child's actual data with reference values.**
- **Enable sending of notification if the child is out of location or when the device realizes abnormal conditions/situations.**
- **Develop a prototype of IOT wearable smart band connected to parents Mobile apps so that they can monitor the actual condition of children at anytime and any place.**
